

## Dinga Rings Out on a High Note

Geoff Twibell

Moulsford's postie Brian 'Dinga' Bell got the surprise of his life when he dropped in to the village's coffee morning in October. Not suspecting a thing, he walked into a pavilion packed with well-wishers who had assembled to bid him a happy retirement.

On the Moulsford post walk for the last five years, Brian was clearly moved by the experience as he was presented by host Gail Slinger with retirement presents and a cash gift donated by grateful residents.

A postie for 20 years Brian was previously an engineer, working first at British Aerospace and then for the Williams Grand Prix team. Moving into the Royal Mail delivery role, he remembers it fondly when it was a public service before various changes led it to becoming the business it is today.

With no firm plans yet for retirement except for 'not going in to work any more' his postal career includes one incident he'd probably rather forget: "I was carrying gold in two special delivery packages and was robbed in the High Street in Wallingford," he admits.

A happier memory came during his last day in the job: he was given flowers to deliver to a 'Usain Bolt' apparently living in Glebe Close, Moulsford. A prank perhaps?

Known for his generosity to the four-legged friends on his route, no doubt sparing him a few nips and snarls on the way, he did once consider buying shares in Pedigree Petfoods. But he was equally well known to all the people to whom he delivered post.

"The one thing I will miss is seeing all my friends on a regular basis. I really do mean that," he says.

The last few weeks saw your Parish Council involved in several highways matters.

Firstly was securing a County Council refresh of the white lines, road safety markers (aka dragons' teeth) and road surface 30mph markings throughout the village.

We've also been working with Cranford House school in a bid to ease access for residents of Willow Court Lane.

Those who may be leaving or arriving home during the busiest times of the school day, when pupils are dropped off and collected, have been experiencing difficulties. The school is keen to cooperate and measures are underway.

Also under the heading of highways, we recently met with the Oxfordshire highways traffic and road safety technical officer on site in Ferry Lane.

Parking around and near to the junction at the bottom of the road has sometimes created some access problems for residents.

The recommendation was to paint a single white line around the south eastern corner of the junction, as far as the point where the Ferry Lane extension meets the principal road (see the diagram).

The hope is that this will serve to keep clear several drop-kerb entrances to properties as well as making access easier for larger vehicles.

We have written directly to all residents of Ferry Lane to advise of our plans and have already received some encouraging early feedback.

Plans for the refresh of the recreation ground continue. Please see the separate article from Cllr Jo Baker.

Closer to home the Parish Council itself is currently down one member following the resignation of Cllr Bernadette Sachse.

Bernie's particular brand of tireless energy will be missed but we hope to co-opt a fifth member soon.

Regrettably we had no option but to cancel our routine meeting for October due to illness. In the meantime please do keep an eye on the village Facebook page and on our Web site at <http://moulsford-pc.org.uk>

## CPRE Oxfordshire's 90th Anniversary

To celebrate CPRE Oxfordshire's 90th anniversary they are inviting people to join a series of online lectures.:

[The Future of the English Countryside - CPRE Oxfordshire Lectures](#)

The lectures are **FREE** to attend however donations **towards their anniversary appeal would be very gratefully received**. Please donate online via JustGiving: <https://www.justgiving.com/campaign/CPREOxfordshire90>

## Garden Waste Collection

Just a reminder that SODC will be resuming their fortnightly garden waste collection service from 1st Nov 2021. Customers of this service should put out their brown waste bins on their normal collection day in their recycling week every fortnight. See the dates here:

<https://www.southoxon.gov.uk/south-oxfordshire-district-council/recycling-rubbish-and-waste/when-is-your-collection-day/waste-collections-calendar/>

## Waste Wizard

If you're confused about what's recyclable in your area, or if you are having a bit of a clear out and think something could be reused but you're not sure how, then Waste Wizard is here to help. 40,000 residents across Oxfordshire have already used the tool to help defeat general waste – checking to see whether their unloved items can be donated, repaired or recycled. It's easy. Just add your postcode and the item you want to get rid of, and Waste Wizard will tell you your options. If something isn't on the list, then simply click the button to ask for it to be added. Every extra item we can reuse, repair or recycle makes a real difference to the amount of waste that is disposed of. Together we can make Oxfordshire greener: [www.oxfordshire.gov.uk/wastewizard](http://www.oxfordshire.gov.uk/wastewizard)

## On-street Parking Enforcement

From 1 November, on-street parking enforcement will be changing in South Oxfordshire, the Vale of White Horse and Cherwell to bring them in line with the rest of the county. Currently in these districts, Thames Valley Police enforce the parking restrictions but Oxfordshire County Council teams will now be responsible for the whole county, giving continuity and clarity for all road users. More information is on the County Council website: <https://www.oxfordshire.gov.uk/residents/roads-and-transport/parking/new-parking-enforcement-areas>

# Moulsford Events

**Nigel Baker**

Dear All

Autumn is truly here and we already seem to be well on the run down to Christmas. Hasn't this year gone round quick and the next year beckons... In the meantime, the Events team have still been busy, even after the end of Friday nights. Firstly, a very big thank-you to Niall Douglas and his mum, Jenny, who have very kindly donated two full size wine chillers for Events use. They were Niall's late father's chillers and are truly great bits of kit. It was a big effort getting them into the store room but now they're all in and PAT tested courtesy of John and Lewis Swain; another thank you there. With the assistance of this new storage, we are looking to once again improve the quality of both wine and beer we serve to you at the Pavilion.

With the Gala night coming up, much work and negotiation has been carried out by both Babs and Stephanie to ensure the Gala night should be a massive success. I know it's going to be a lovely night, but watch out it's booking up fast so if you need a ticket or want to be on the reserve list, please don't hesitate to contact Babs on [<barbara.leslie@hotmail.co.uk>](mailto:barbara.leslie@hotmail.co.uk).

Also, to boost our fundraising, we are seeking some substantive raffle prizes: if you have something that will catch the eye as a raffle prize (though possibly not bath salts) do give me a call 07831 152900 and I will gladly discuss.

Back to this month, we have the famous Quiz Night on Saturday 20th November, at 7.30pm for 8pm.

A meal is included in the ticket, but please bring your own Booze. What's not to like; it's only £8.00 for this fun night out, please contact Twinks on 01491 651548 to book your place and team table.

Finally, as you will see elsewhere in the Moulsford News, we are supporting the tree planting day at the Rec on 13th November, when the Events team will be present to ensure the Pavilion is open to provide teas and coffees etc. to volunteers. Looking further on, the Committee will be discussing putting on some winter socials in the New Year, so watch this space to see what we can come up with. In the meantime, stay chipper and we hope to see you at an Event soon...

## Recreation Ground Update

Jo Baker

### Woodland Work and Tree Planting Events at the Recreation Ground, 6th & 13th November

Any day now, over 100 trees will be arriving in the village courtesy of the Woodland Trust, ready to be settled in as hopefully very long-term residents of our Recreation Ground. We will be working with Peter Greathead of PWG Tree Surgery to make sure our trees get the best possible start in their new home. If you'd like to come along to our family-friendly events and help with the planting or some other woody jobs, while having fun and finding out more about our trees and village wildlife to boot, here's how you can do it:

#### Dead Wood Work Day, Saturday 6th November, Recreation Ground from 10am

Dead wood is nearly as important as live trees in a woodland! Come and join the team to help prepare the Rec's woody boundaries for the new trees. We will be making dead wood piles and hedges to benefit wildlife, including the threatened Stag Beetle and also our much loved Hedgehogs. We will also be clearing back some ivy and starting the creation of a forest play area. You will need sturdy footwear and gloves.

#### Tree Planting Day, Saturday 13th November, Recreation Ground from 10am

Join the team to plant our new trees in the woodland areas. You will be able to find out how best to plant a tree; making sure it's not too shallow, not too deep, but just right. Refreshments will be available from the Pavilion after 11am thanks to our hardworking Events Committee, to make sure our tree-mendous volunteers are well looked after. For this event, you will need sturdy footwear and gloves and if you can bring your own spade (border size fine), that would be very helpful.

#### And finally...

If you'd like to know more or just want to confirm you're planning to come, please get in touch with Jo Baker at [jbaker@moulsoford-pc.org.uk](mailto:jbaker@moulsoford-pc.org.uk). Please watch out on the village Facebook pages for further updates.

We're looking forward to seeing as many people as possible, please do come along if you can!

My dear friends,

The 2021 United Nations Climate Change Conference, otherwise known as COP26 will be taking place in Glasgow from Sunday, 31st October until Friday, 12th November. It is the 26th annual conference of those parties which signed up to the United Nations Framework Convention on Climate Change in 1994. It is considered to be an absolutely crucial conference, providing a last chance for Governments to take the radical action that is needed to preserve our beautiful planet. It seems that almost every month there is another extreme weather event – floods, or storm or drought or forest fires due a prolonged spell of exceptionally hot weather.

Jesus famously told the story of the wise builder and the foolish builder. Both had heard the same message, which no doubt included dire warnings about building on the sand; both probably appeared to agree that what was being said made a lot of sense. However, when it came down to it, whilst the wise man took the harder, more costly option of building his house on the rock, the foolish man could not resist the temptation to go for the quick, cheap and easy option of building on the sand. For a while, it didn't seem to make any difference, both houses looked very similar – until the storms came. And then whilst the house on the rock stood firm, the house built on sand was washed away by the floods.

Jesus told this story about those who responded differently to hearing the message of God. We might think that Jesus didn't give any specific message about climate change or conservation of nature - after all, they were not burning issues 2000 years ago. However, He did say that the second most important principle by which to live our lives was to love our neighbours as ourselves. If "my neighbour" is anyone who is affected by my actions, these days we are increasingly aware that our actions and consuming lifestyles have a global impact - whether it is the plastics we use ending up in the ocean or forests being cut down to provide us with beef or palm-oil, or the fuel we burn adding to the dangerous levels of CO2. We are also becoming aware that our levels of consumption not only have such a destructive effect on nature but that in turn affects the climate (for instance the huge reduction in the world's forests). We are also called to take particular care of the most vulnerable; and whenever there is flood, storm or drought it is always the poorest and most vulnerable who suffer the most.

If you are wondering what Jesus said was the *most* important principle by which to live our lives, it is:

*to love God with all our heart, soul, mind and strength.* And if we truly love someone, we will take care of those things that are most precious to them. So loving God means taking care of our fellow human beings but also of the beautiful planet created by God for us and entrusted to our care.

Whilst we might acknowledge that it is vital that we take personal stock of our carbon footprints and personal lifestyles, we might also think that as individuals we can have very little impact on the world around us and that it is only governments that can take the big decisions that need to be made in order to preserve our planet. That is of course true, but at least in this country, governments need the support of the people and that includes you and me. And so, the more concerned we are as individuals about the issues of global warming and conservation of our planet, the more trouble that we take to understand the issues, the more likely we are to call to account those who represent us in government and the more likely they are to heed our voice.

So, when you find the news filled with the issues raised by COP26, don't switch off, but be spurred on to think about what changes you can make and what actions you can take to preserve our beautiful planet for our children, grandchildren and future generations.

With warmest regards, from your vicar,

21st November	Feast of Christ the King	9:30am	Parish Communion	Church
28th November	Advent Sunday	9:30am	Morning Praise	Church
5th December	2nd Sunday of Advent	9:30am	Parish Communion	Church

\* please email Andrew Petit at [andrewpetit@virginmedia.com](mailto:andrewpetit@virginmedia.com) for the Zoom meeting details.

### New Opportunities for younger members of our Moulsoford Community

We have been working with colleagues in Cholsey to plan some new activities for the younger members of our communities.

On the **second and fourth Sundays in the month** a new youth group has been set up for those of you aged between **9 -14**. We meet in the **Lawrence Hall in Cholsey between 6:30 to 7:45 pm**. Indoor games with doughnuts, hot chocolate, etc. between activities, followed by some chat and discussions with a bible theme.

Transport can be available if Mums and Dads are busy. So why not come along to see for yourselves and have some fun?

There is also something for our younger folks too.

On the **third Sunday of the month**. **Forest Church based at the Lawrence Hall** and outside in the garden weather permitting from 9:30-11:30 involving campfires, food cooking, crafts, getting to know about nature and everything that you would expect from Forest School, again with a bible theme. Another opportunity to meet up with other families and join in the fun.

Contact James Bennett or Janet Knowles (651401) for a registration form or if you need further information.

### Andrew Petit

Andrew, our vicar, is retiring in February. We are very sad to see him go but we now have to appoint his successor.

We have been inviting people in the village to share their views or ideas about the church to help us do that. If you have been missed and would like to add a contribution please get in touch with Janet Knowles or find a questionnaire in a box on the shelf above the hymn books in church.

### Quiz Night

Don't forget to book your place for the quiz night on Saturday 20th November. 7.30pm for 8pm and £8 a ticket to include a ploughman's supper (bring your own drinks and nibbles). As we did two years ago, we will join Tearfund's fun nationwide quiz night. Can we top our then total of £300 to support Tearfund's commitment to end extreme poverty around the world?

### Carols in the Church

We're looking for young volunteers to sing/play/read for us again at the village candlelit Christmas carol singing in the church. The date is Wednesday 22nd December at 5.00pm being followed by the village Christmas social in the pavilion at 6.00pm. We've had lovely performers in previous years and hope we can again this year. If you would like to take part just let Twinks 651548 or Jill 652965 know.

The next **Village Coffee** is on **Wednesday 10th November 2021 in the Pavillion**  
from **10:30am to 12 noon.**

So news of our October Coffee Shop; I am sure you will all agree it was AMAZING. We had around 60 residents from the village and they all came to say a fond farewell to Dinga our postie. What a surprise for Dinga when he arrived as he thought there would be just a few people. Overwhelming for him; I am sure there will be a more indepth write-up in the MNs of the event.

A BIG thankyou to Janet, Twinks and Breyan for a MARVELOUS job in the kitchen (so calm), you served so many teas and coffees.

Another BIG thank you to all the bakers in our village who baked some really scrumptious cakes to eat.

Last but not least an **ENORMOUS THANK YOU** to the Dinga Retirement Committee who organised this lovely surprise and everything it entailed so that the whole village could be involved.

We look forward to seeing you all again in November.

# Elli the Gardener

## Answers for last week's quiz:

1. A robin's heart beats roughly 1000 times per minute.
2. Sage is good for many things, including sore throats and stomach pains.
3. You can eat stinging nettles although you must fold them up properly, to make sure that they don't sting your tongue. You can also make some very nice tasting tea out of it.
4. The world record for the heaviest pumpkin is 1190.49kg which was grown by a Dutch man named Mathias Willemijns.
5. There are many deadly plants in the world and here are some examples: monkshood, english yew, castor oil plant, angel's trumpets, rosary pea and many more.

## Gardening diary:

Hello everyone! As it is becoming more wintery, we turn our attention to getting things ready for our next year of gardening. Me and my dad recently went to a nearby horse field where the nice lady who lives there let us take some manure. We shovelled it into old compost bags and took it back home. Now the manure is spread on the beds and we will leave it there for the rest of the winter, and we do this because then it decomposes in all of the rain, frost and (hopefully) snow. Manure is a good source of nutrients and it improves soil fertility.

A few weeks ago, I planted some Salad Leaves, Spinach and Pak Choi in a bed in the greenhouse. They have all started germinating nicely- the salad in particular. See photo here.

We also got a small bird feeder from the garden centre but unfortunately we can only put peanuts in it because of the size of the holes. Although many birds like peanuts, me and my dad are going to build a wooden bird table where we can put many other seed sizes for other birds that don't eat peanuts. My diary is finished, but there is still a quiz to come!

## Quiz

1. What is the common name for *Plantago lanceolata*?
2. After sowing seeds or repotting something, you must always \_\_\_\_\_.
3. True or false: there are roughly 7000 distinct varieties of daffodil.
4. Name the fastest growing plant.
5. How have cacti adapted to their hot, dry environment?

## Challenge

Go to KP Stationers in Wallingford where you can recycle crisp packets, biscuit and chocolate wrappers, pringles packets and more for free!

## Gardening tip

Don't just throw away your pumpkin once you've used it as a jack o'lantern on Halloween! You can cut it into small pieces and add it to the soil in your garden. It will decompose over the winter and add nutrients to your garden soil, which will help next year's plants grow faster and stronger. Or you can make a bird feeder by simply filling up your pumpkin with bird seeds and hanging it up with twine; the eyes, mouth and nose of your jack o'lantern will make lots of places for the birds to eat the seeds out of, although you may want to make a few extra holes so that more birds can eat out of it.

## Henley and District Stamp Club

Philately (stamp collecting) is fun if you do it with other collectors and will certainly increase your knowledge of all kinds of things such as Art, history, geography, design etc.

If you collect on a theme or postcards your interest in the subject will widen considerably, as you research into it, to write up your collection.

Do come and visit us one Wednesday evening at Bix and see for yourself the wide scope that this hobby has.

Our programme is still in progress but we will be meeting on November 10th and 24th and the subjects will be on our website very soon.

Meetings are held the 2nd and 4th week of the month at Bix Village Hall at 7.30 p.m. Visitors and new members are welcome.

Further details can be obtained by phoning 01491 681739 or on our website [www.henleyphilatelic.org.uk](http://www.henleyphilatelic.org.uk)

**WALLINGFORD COUNTRY MARKET** is open each Friday morning in St. Mary-le-More Church, (Market Place), between 9.30 am - 12 noon.

With Christmas on the horizon, why not let Wallingford Market help take the strain?

Christmas orders can be placed for seasonal and other home baked goods from November onwards.

In addition, as well as our regular seasonal plants and produce items, fresh Christmas decorations and wreaths will be available from December.

Our Crafters are busy making small hand-crafted gifts and cards. Do pop in one morning - you may be surprised at what you will find.

Our last market for 2021 will be Friday, 17th December, but orders can be placed for delivery the following week by arrangement with the producer.

## Remember... Fireworks safety on November 5th

- \* Only buy CE marked fireworks from reputable and licensed shops.
- \* Keep fireworks in a closed, metal box.
- \* Light the firework at arm's length with a taper and stand well back.
- \* Keep naked flames, including cigarettes, away from fireworks.
- \* Don't put fireworks in pockets and never throw them.
- \* Never return to a firework that has not gone off, and never throw used or unused fireworks onto a bonfire.
- \* Never drink alcohol while lighting a bonfire or setting off fireworks.
- \* Always supervise children and don't give sparklers to a child under five.
- \* Keep your bonfire at least 18 metres away from houses, trees and hedges. There should be a barrier around the bonfire to keep spectators five metres away. Before lighting a bonfire, check it is stable and that there are no children or animals inside.
- \* Only burn dry wood, never use paraffin or petrol on a bonfire and think about the direction of smoke travel.
- \* Keep some buckets of water nearby.
- \* Have consideration for those around you, including notifying neighbours who may have pets or farm animals.
- \* Consider where fireworks and debris might fall, ensuring safety distances are provided for people to keep safe. Safety distances are provided on each firework label or package

## Moulsford Ladies Christmas Supper

Wednesday, 8th December at 7.30pm

Ladies, as we were unable to celebrate together last year, we are delighted to re-instate this event. The new venue will be the Moulsford Pavilion, festively decorated with subtle lighting, delicious food, and good company.

Ticket price of approximately £10 will include a glass of bubbly on arrival, a main course, table service, and hall hire with decorations. We invite everyone to bring their own wine, and either a plate of canapes or a dessert to share.

To book your ticket and to help us to plan the final arrangements please email by 24th November to [lesley.longden@yahoo.co.uk](mailto:lesley.longden@yahoo.co.uk) or call 07846 516895

Dear Neighbours,

I am writing to inform you that Moulsoford Preparatory School will be holding their annual Bonfire Night on the afternoon and evening of Thursday 4th November 2021.

The timing will be approximately 5.45 – 8.00pm.

The event will take place within the school grounds but will also involve spectators arriving and parking on the School playing fields and Cranford House School car park.

The fireworks will be fired from the South Stoke side of the river, opposite the Moulsoford Preparatory School river frontage.

Children and adults will be crossing the road from the parking to the school between the above times so we will be kindly asking everyone to please reduce their traffic speed to help us all ensure everyone's safety.

We will do our utmost to keep disruption to a minimum and apologise in advance for any inconvenience which it may cause you.

We really hope you enjoy the fireworks display.
